John Stuart Mill's ultimate collection offers an unparalleled compilation of his seminal works that address the foundations of utilitarianism, liberty, and the social sciences through a rigorous yet accessible literary style. Mill articulates philosophical arguments with precision and eloquence, engaging with contemporary debates on ethics, political economy, and social progress, positioned within the broader literary context of 19th-century British philosophy. Mill's essays and treatises resonate with the enlightenment ideals of reason and individual rights, embodying the intellectual currents of his time while remaining relevant to modern discussions of freedom and morality. John Stuart Mill (1806–1873) was a prominent British philosopher and political economist, influenced by the philosophical legacy of his father, James Mill, and the utilitarianism of Jeremy Bentham. His experiences navigating a rapidly changing political landscape and advocating for women's suffrage and social reform inform his writings. Mill's personal commitment to liberty and social equity profoundly shaped his theories, making them critical in understanding the evolution of liberal thought. This collection is a must-read for anyone interested in philosophy, political theory, or social justice. Mill's insights remain vital as we grapple with the complexities of freedom and ethical governance in contemporary society. The ultimate collection serves not only as a historical document but also as a guiding light for future generations.

One of the foremost figures of Western intellectual thought in the late 19th century, John Stuart Mill offered up examinations of human rights, personal and societal rights, and responsibilities, and the striving for individual happiness that continue to impact our philosophies, both private and political, to this day. In this definitive work, Mill lays the groundwork for his philosophy, his theory of names and naming, his general characterization of reasoning and inference, his ideas on necessary truths, his thinking on the laws of nature, his deductive method, and much more. First published in 1843, this is a replica of the 1886 People's edition and is essential reading for students of Mill, in particular, and of 19th-century philosophy in general. English philosopher and politician John Stuart Mill (1806–1873) served as an administrator in the East India Company from 1823 to 1858 and as a member of Parliament from 1865 to 1868. Among his essays on a wide range of political and social thought are *Principles of Political Economy* (1848), *Considerations on Representative Government* (1861), and *The Subjection of Women* (1869).

John Stuart Mill's *The Collected Works of John Stuart Mill* presents a comprehensive assemblage of his writings, showcasing his profound contributions to philosophy, economics, and political theory with clarity and argumentative precision. the earth and the air and the sky were all still just as it is at twilight and i heard them laughing and talking in the tap room of the inn of the sign of mother goose the linking of glasses and the rattling and clatter of knives and forks and plates and dishes that is where i wished to go so in i went mother goose herself opened the door and there i was the room was full of twilight but there they sat every one of them i did not count them but there were ever so many aladdin and ali baba and fortunatis and jack the giant killer and doctor faustus and bidpai and cinderella and patient grizzle and the soldier who cheated the devil and st george and hans in luck who traded and traded his lump of gold until he had only an empty churn to show for it and there was sinbad the sailor and the tailor who killed seven flies at a blow and the fisherman who fished up the genie and the lad who fiddled for the jew in the bramble bush and the blacksmith who made death sit in his appletree and boots who always marries the princess whether he wants to or not a rag tag lot as ever you saw in your life gathered from every place and brought together in twilight land once upon a time st nicholas came down into the world to take a peep at the old place and see how things looked in the spring time on he stepped along the road to the town where he used to live for he had a notion to find out whether things were going on nowadays as they one time did by and by he came to a cross road and who should he see sitting there but ill luck himself ill luck s face was as gray as ashes and his hair as white as snow for he is as old as grandfather adam and two great wings grew out of his shoulders for he flies fast and comes quickly to those whom he visits does ill luck now st nicholas had a pocketful of hazel nuts which he kept cracking and eating as he trudged along the road and just then he came upon one with a worm hole in it when he saw ill luck it came into his head to do a good turn to poor sorrowful man good morning ill luck says he good morning st nicholas says ill luck you look as hale and strong as ever says st nicholas ah yes says ill luck i find plenty to do in this world of woe they tell me says st nicholas that you can go wherever you choose even if it be through a key hole now is that so yes says ill luck it is well look now friend says st nicholas could you go into this hazel nut if you chose to yes says ill luck i could indeed i should like to see you says st nicholas for then i should be of a mind to believe what people say of you well says ill luck i have not much time to be pottering and playing upon jack s fiddle but to oblige an old friend thereupon he made himself small and smaller and phst he was in the nut before you could wink then what do you think st nicholas did in his hand he held a little plug of wood and no sooner had ill luck entered the nut than he stuck the plug in the hole and there was man s enemy as tight as fly in a bottle so says st nicholas that s a piece of work well done then he tossed the hazel nut under the roots of an oak tree near by and went his way and that is how this story begins well the hazel nut lay and lay and lay and all the time that it lay there nobody met with ill luck but one day who should come travelling that way but a rogue of a fiddler with his fiddle under his arm the day was warm and he was tired so down he sat under the shade of the oak tree to rest his legs by and by he heard a little shrill voice piping and crying let me out let me out let me out the fiddler looked up and down but he could see nobody who are you says he i am ill luck let me out let me out

let you out says the fiddler not i if you are bottled up here it is the better for all of us and so saying he tucked his fiddle under his arm and off he marched but before he had gone six steps he stopped he was one of your peering prying sort and liked more than a little to know all that was to be known about this or that or the other thing that he chanced to see or hear i wonder where ill luck can be to be in such a tight place as he seems to be caught in says he to himself and back he came again where are you ill luck says he here i am says ill luck here in this hazel nut under the roots of the oak tree thereupon the fiddler laid aside his fiddle and bow and fell to poking and prying under the roots until he found the nut then he began twisting and turning it in his fingers looking first on one side and then on the other and all the while ill luck kept crying let me out let me out it was not long before the fiddler found the little wooden plug and then nothing would do but he must take a peep inside the nut to see if ill luck was really there so he picked and pulled at the wooden plug until at last out it came and phst pop out came ill luck along with it plague take the fiddler say i listen says ill luck it has been many a long day that i have been in that hazel nut and you are the man that has let me out for once in a way i will do a good turn to a poor human body therewith and without giving the fiddler time to speak a word ill luck caught him up by the belt and whiz away he flew like a bullet over hill and over valley over moor and over mountain so fast that not enough wind was left in the fiddler s stomach to say bo by and by he came to a garden and there he let the fiddler drop on the soft grass below then away he flew to attend to other matters of greater need when the fiddler had gathered his wits together and himself to his feet he saw that he lay in a beautiful garden of flowers and fruit trees and marble walks and what not and that at the end of it stood a great splendid house all built of white marble with a fountain in front and peacocks strutting about on the lawn well the fiddler smoothed down his hair and brushed his clothes a bit and off he went to see what was to be seen at the grand house at the end of the garden he entered the door and nobody said no to him then he passed through one room after another and each was finer than the one he left behind many servants stood around but they only bowed and never asked whence he came at last he came to a room where a little old man sat at a table the table was spread with a feast that smelled so good that it brought tears to the fiddler s eyes and water to his mouth and all the plates were of pure gold the little old man sat alone but another place was spread as though he were expecting some one as the fiddler came in the little old man nodded and smiled welcome he cried and have you come at last
